1. Preamble

1.1. AGRA is an African-led alliance focused on putting smallholder farmers at the center of the continent's growing economy by transforming agriculture from a solitary struggle to survive into farming as a business that thrives. Founded in 2006, at a time when agricultural development was emerging from a 20-year decline characterized by minimal growth and investment in the sector, AGRA's mission is to catalyze and sustain an agricultural transformation in Africa through innovation-driven productivity increases and access to markets and finance that improve the livelihoods of smallholder farmers.
