MEETING ACTION

(BUDGET REQUEST FOR AGRA ORGANIZED MEETINGS)

Original Meeting Allocation	☒	**Supplementary Meeting Allocation**	☐	**Meeting Allocation Number**		**Admin/Program Budget to be charged**	**MCF 116-005**

Meeting Date and Title:	Scaling Access to Agricultural Mechanization for Youth and Young Women-Led Agri-SMEs in Tanzania from 26th to 28th August 2026
Responsible Officer:	Gertrude Kawau
Meeting Organizer:	Gertrude Kawau
Meeting Location:	IITA venue, Dar Es Salaam, Tanzania
Total Amount of Budget Request: *(Attach completed budget worksheet)*	**$ 2176.66**
Program/Sub-program:	Mastercard Foundation- **YEFFA 116-005**
Meeting Description:	Conduct co-creation meetings with selected partners to collaboratively develop proposals.

Background

AGRA, in partnership with the Mastercard Foundation, co-created the Youth Entrepreneurship for the Future of Food and Agriculture (YEFFA) Programme to catalyze inclusive agricultural transformation and food systems development in Tanzania. The programme seeks to create dignified and fulfilling work opportunities for financially disadvantaged young people, particularly young women, by strengthening youth participation across agricultural value chains.

Agricultural mechanization is a critical enabler of increased productivity, reduced labour drudgery, and expanded employment opportunities for Tanzania's growing youth population. However, the adoption of mechanization remains constrained by high equipment costs, limited access to finance, weak mechanization markets, and inadequate technical support, particularly for youth- and women-led Agri-SMEs.

To address these challenges, AGRA has successfully piloted the Mechanization-as-a-Service (MaaS) model, demonstrating its potential to improve access to mechanization through innovative financing and service delivery approaches. Building on these achievements, YEFFA aims to scale inclusive, market-driven mechanization solutions that expand access to equipment, financing, and business development support for youth- and women-led Agri-SMEs, thereby enhancing productivity, creating jobs, and strengthening agricultural value chains.

In Tanzania, the YEFFA Programme aims to reach 1,042,604 young people and contribute to the creation of 261,000 dignified and fulfilling work opportunities across 11 regions through strategic investments in cross-cutting interventions, including agricultural mechanization and business development services.

To advance the design and implementation of this initiative, the YEFFA Tanzania Country Team and Technical Lead will convene a three-day co-creation meeting with selected implementing partners in Dar es Salaam from 26–28 August 2026 to jointly develop high-quality, market-driven proposals for scaling agricultural mechanization among youth- and women-led Agri-SMEs.

Objectives of the Workshop

The co-creation workshop aims to:

- Co-create high-quality, innovative financing and market-driven implementation proposals that expand access to agricultural mechanization for youth- and women-led Agri-SMEs in Tanzania.
- Agreed partnership arrangements, with clearly defined roles, responsibilities, and implementation approaches among consortium partners.
- Strengthen consortium partnership, clarify roles, and agree on implementation strategies, expected results, and monitoring approaches for effective project delivery.

Expected Outcomes

By the end of the co-creation workshop, the following outcomes are expected:

- High-quality proposals developed and aligned with the YEFFA program goals and AGRA's priorities.
- Clear consortium partnership agreements, with defined roles and responsibilities for all implementing partners.
- Agreed workplans, activity-based budgets, expected results, and monitoring plans to guide effective project implementation.

Participants

- 20 AGRA staff (From Both Tanzania and AGRA HQ) and implementing partners from Mechanization and end-to-end value chain

Indicate Why Not a Grant: This is a co-creation meeting which is part of the co-development of a high-quality implementation consortium proposal
